QSL.window

This information provides the postal / electronic addresses of radio stations in order to get their confirmations in form of QSL cards, letters, e-QSL or E-mail.

This is not a copy from other address lists, but the result of a real contact with every radio station.

This is not a copy of other address lists, but the result of a real contact with all the radio stations that are mentioned.

After each information there is a code composed by two letters and four numbers indicating who received the answer from the station (see below), in what month and year.

This project began in December 2010 as an initiative of Rudolf Grimm (São Bernardo SP) and Fabricio Silva (Tubarão SC), BRAZIL.
